This is a short story about the stud prefix of 'Stockhaven'

The Stockhaven prefix has been registered for many years. Peter's ASHS registration is 894, one of the oldest membership numbers within the society. The prefix takes its name from Stockhaven Station at Ban Ban Springs in the central Burnett where Peter's breeding programme began in 1983.

Peter, and his wife, Kerrie are now based at Inverlaw, near Kingaroy in the South Burnett. We have a small breeding operation with the aim of producing three to six foals a year. Some are sold as yearlings, whilst others are broken in and some of these are campaigned at a variety of stock horse shows, futurities and campdrafts. A few select mares are retained and the balance of both mare and geldings are sold.

At Allandale, we have good facilities for running a small breeding operation.

Both Peter and Kerrie are accredited stock horse judges, Peter being an accredited Level 2 ASH Judge, as well as long term ASH Inspector.

Peter is an experienced equine veterinarian and does all scanning for pregnancy, as well as equine dentistry.

We also have a young up and coming Stallion, Stockhaven Jackman who has shown a lot of potential as a future sire.
