MOVEMENTS & TRANSITIONS

WALK A four beat pace with regular rhythm. Light rein contact and soft frame

WALK on loose rein. Horse stretching down fully relaxed with low contact

TROT A two beat diagonal pace with regular rhythm

LENGTHENED TROT Stride lengthened maintaining rhythm

CANTER A three beat pace with regular rhythm. No running

LENGTHENED CANTER Lengthen stride through riders seat

HAND GALLOP Riders seat out of saddle

GALLOP Maximum speed in accordance with conditions, with total control. The pace becoming a four beat as the diagonals split

HALT Coming down through transitions. Not abrupt but obedient

STOP An immediate cessation of forward movement where a horse will elevate slightly in front prior to engaging hindquarters to come to a controlled yet complete stop in short distance

REIN BACK Two time diagonal movement, even rhythm for required number of steps

SIMPLE CHANGE WALK THROUGH Through the walk, horse obtains true flat walk. Calm smooth and straight to upward transition

SIMPLE CHANGE Through the trot, canter down to trot for two or three well defined trot steps

FLYING CHANGE Change of leads at canter in a single stride in the air, calmly, smooth and straight, in both front and hind legs

CIRCLES A horse must bend its body and flex it's neck to follow the line of the circle, i.e. look where it is going and be balanced

ROLL BACK The horse comes to a complete stop engaging both hind legs, only then does the horse turn 180 degree over its hocks, moving out on the same line as it entered

HAUNCH TURN Are turns in motion where the energy of the horse is not stopped but is redirected in the opposite direction. The horse commences to turn before it ceases forward motion taking most of the weight on the inside hind leg which becomes the pivot point for the body while the other legs propel the horse with forward impulsion in the intended direction.

SPIN A movement of 360 degrees or more with the inside hind foot pivoting on the same spot

WORKING Horse should show athletic ability, with obedient attitude towards accurate pattern execution. The horse should be light on his feet, correct in his paces and no resistance to the bit. All gallop work asked must be executed (subject to ground conditions)

HACK Should be obedient and accurate, showing good quality of type and presentation. Have 4 correct paces

ALL Horses should be worked around the ring and be seen to perform in both directions by the Judge prior to final selection

Variation of Non Executed Movements

JIG JOGGING Horse above bit and not relaxed

TROT should be balanced with horse tracking straight, not on 2 tracks or short in rhythm with running steps

LENGTH OF TROT Horse increasing the speed of trot, or shortening step to running

THE CANTER Should not be on the forehand, four beating or running

GALLOP Insufficient increase of pace thus not achieving four beat. Not maintaining sufficient control

HALT Being too abrupt and not coming smoothly through all transitions

STOP Resistance and horse refusal of any kind or stopping on front legs. Horse lifting front legs off ground

REIN BACK Resistance against the bit, hurried or not straight

BIT ACCEPTANCE Horse should not refuse to be ridden into compliant contact. Tongue should not be over the bit or behind the bit

HEAD CARRIAGE Should not be above bit, being adversely forward of the vertical NOR jammed in behind vertical.

LEAD CHANGES not executed on a straight line axis. Hurried and thrown through transition.

CANTER LEAD ERROR– Wrong lead, Disunited cross – firing, Cow like travel – No canter.

CIRCLES incorrect bend i.e. dropping shoulder horse not flexed i.e. looking out of circle therefore circle cannot round

ROLL BACK No completed stop

HAUNCH TURN Loss of momentum into or out of movement

SPIN Horse on front legs, inside hind leg not holding position

PATTERN ACCURACY Rider not familiar with pattern. Failure to ride to markers, results in loss of points, as this displays cheating, lack of rider control, horse over anticipation. Each movement and pattern must be ridden to the stated shape, size and pace as defined in Handbook

TAIL TURN All turns to be directed towards the Judge

FALL A fall of horse or rider during a workout will result in disqualification
