#### **HOW TO ARRANGE AN INSPECTION**

<u>First Cross</u> (mares and geldings), <u>Stud Book Thoroughbred</u> (mares and stallions) and <u>Base Registry</u> (mares, geldings and stallions) are eligible for inspection <u>at any age</u> after the horse has been clearly branded and/or microchipped.

Prior to arranging the inspection, the appropriate **APPLICATION FOR REGISTRATION** must be completed and **PROOF OF SERVICE** attached to First Cross and Base Registry applications.

Horse must be branded with **CLEARLY VISIBLE BRANDS** (owner, identification and foaling season year brands), **OR** microchipped with a **READABLE MICROCHIP**. If brands are not clearly visible, horse must be microchipped. Freeze or fire brands are acceptable and microchips with 15 digits are recommended. Registration of a stock brand with a Department of Agriculture may be compulsory in your state and state branding authorities may issue penalties for using an unregistered brand. Branding should be in accordance with the Department of Agriculture requirements in the State or Territory where the branding takes place.

Members are able to contact Society Inspectors to arrange a mutually acceptable time and place to carry out the inspection, ie, inspector's or horse owner's residence, local event and the like. The Society Inspectors are listed on the following pages - name, location and contact telephone numbers. The Inspection Report is included on the Application for Registration.

#### A Society Inspector is NOT able to participate in the inspection of any horse as indicated below:

- The Inspector has a conflict of interest any situation whereby the Inspector's decision may be influenced.
- The Inspector has a pecuniary interest expectation of financial gain or loss.
- The Inspector's immediate family, including partner, owns the horse.
- The Inspector is a business partner, employer or employee of the member.
- A horse currently owned or previously owned (less than one year) by the Inspector.
- The horse was sired by a stallion currently owned or owned within a twelve month period of inspection date by the Inspector.

An inspection pass does not constitute acceptance by the Society of any such application. The application will be considered by the Society in accordance with the Regulations when submitted to the Society.

It is Society policy for horses not to be ridden during the inspection process, unless the owner feels it is in their best interest. In relation to Inspection Fees, it is the Society's Policy that the Inspector <u>discuss</u> travel expenses with the owner prior to the inspection. These fees must be paid directly to the Inspector when the horse is inspected. The Society recommends **85 cents per kilometre travelled.** 

Should you feel that the Inspection Fee is too high; a Video Inspection may be considered at \$25.00 per horse. The video footage is then sent to Head Office together with the Application for Registration and Proof of Service for inspection purposes. The procedure for Video Inspections is included in this document.

The Inspector will consider the horse's conformation, Stock Horse type, movement, ability, colour, height, temperament, overall appearance and the like. The preferred height for an Australian Stock Horse is between 14 and 16 hands. The following characteristics are considered undesirable:

- Feathered legs, together with a heavy build
- Leopard or blanket markings
- Excessive irregular white coat (more than 70%)
- Pale coloured eyes or eyes showing excessive white
- Severe conformation faults or abnormalities
- Extremely nervous or nasty temperament
- Overall appearance being unbalanced

The overall impression of a stallion or colt, should be of a high standard.

## INSPECTION PROCEDURES

GENERAL INSPECTION - the horse may be inspected by video footage or physically. When the Inspector views the horse for acceptance or otherwise, the Inspector must consider the horse's conformation, Stock Horse type, movement, ability, colour, height, temperament, overall appearance and the like. The Inspector must verify that all identifying marks on the horse correspond with the application, ie, white markings, brands (if any, providing the owner has indicated the horse is microchipped), indentations, scars, hair whorls, etc. The brands must be clearly visible, or the horse must be microchipped. Any brands on the horse must correspond with the application.

First Cross (mares and geldings), Stud Book Thoroughbred (mares and stallions) and Base Registry (mares, geldings and stallions) are eligible for inspection at any age after branding and/or microchipped.

It is not the Society's policy for a horse to be ridden, however, should the owner feel it is in their best interest they may do so, in addition to specified requirements.

- Under saddle the horse should demonstrate the following paces; ie walk, trot and canter.
- The horse may also be shown in action to demonstrate its ability and temperament; ie gallop, stop, haunch turn etc.

An inspection pass does not constitute acceptance by the Society of any application. The application will be considered by the Society in accordance with the Regulations when submitted to the Society. The Inspector shall not participate in the inspection of any horse in which the Inspector has a Conflict or Pecuniary Interest.

<u>VIDEO FOOTAGE</u> – sent to Head Office for an Inspector to view.

• **Video Inspection Fee:** \$25.00 per horse. It is recommended, the footage is saved on a USB drive. The footage should be of a reasonable resolution, so quality is not compromised.

#### The horse must be filmed unsaddled as follows:

- Presented on a lead, viewed in a stationary position from the front, rear, near and off sides.
- Front and rear views of the legs must be zoomed in for close inspection.
- All brands (if any) must be clearly visible and zoomed in with commentary describing the position. The Inspector will verify that any brands on the horse corresponds with the application.
- All identifying marks must be zoomed in with commentary describing each marking and the position of same, ie, white markings, indentations, scars, hair whorls, etc. The Inspector will verify that the markings on the horse correspond with the application.
- Presented at a walk and trot in a straight line directly towards and away from the camera the handler should ensure that he/she does not obstruct the Inspector's view.
- Presented at a walk and trot in a full circle, which is between twenty and thirty metres in diameter.

The footage should run between four and eight minutes in length. After the footage has been filmed, it must be viewed by the owner to ensure that the horse is presented in the best possible manner and then forwarded to the Society in the recommended postpak, together with the application for registration, registration and inspection fees. Any footage considered to be unsatisfactory will be returned to the owner with notification by the Society.

<u>PHYSICAL</u> - the Inspector travels to the area where the horse is stabled or paddocked and the horse is presented to the Inspector <u>unsaddled</u> as follows:

- On a lead, positioned to enable viewing in a stationary position from the front, rear, near and off sides.
- Presented at a walk and trot in a straight line directly towards and away from the Inspector, the handler should ensure that he/she does not obstruct the Inspector's view.
- Presented at a walk and trot in a full circle, which is between twenty and thirty metres in diameter.
- Physical (per horse) paid to Inspector.

Inspection Fee (Recommended): **85 cents per kilometre travelled**. It is the Society's Policy that the Inspector <u>discuss</u> travel expenses with the owner <u>prior to the Inspection</u>. These fees must be paid <u>directly to the Inspector</u> when the horse is inspected. Should the owner feel that the Physical Inspection Fee is too high, the owner may reconsider a Video Footage Inspection or may reduce expenses by floating the horse closer to the Inspector.

## IMPORTANT NOTICE FOR SOCIETY INSPECTORS

- A list of Society Inspectors will be available on the Society website and Members will be able to contact Inspectors directly to arrange a mutually acceptable time and place to carry out the inspection. Prior to arranging the inspection, ensure that the person requesting the inspection has completed the appropriate Application for Registration and the horse has been branded and/or microchipped. The owner of the horse must be a Financial Member of the Society or will be submitting an Application for Membership with the registration.
- The Inspector must consider the horse's conformation, Stock Horse type, movement, ability, colour, height, temperament, overall appearance and the like. When inspecting horses, we ask that you endeavour to build on the quality of our Australian Stock Horses when making your decision to accept or reject.
- The preferred height for an Australian Stock Horse is between 14 and 16 hands. The following characteristics are considered undesirable:
  - Feathered legs, together with a heavy build
  - Leopard or blanket markings
  - Excessive irregular white coat (more than 70%)
  - Pale coloured eyes or eyes showing excessive white
- Severe conformation faults or abnormalities
- Extremely nervous or nasty temperament
- Overall appearance being unbalanced
- A horse presenting with limited or marginal undesirable characteristics may pass inspection if the horse is deemed to be of a reasonably good standard in other aspects. In the case of a horse presenting with severe undesirable characteristics (very bad, acute, serious, or extreme), the horse should be rejected. When inspecting a stallion or colt, the overall impression of the horse should be of a high standard.
- Horse must be branded with **CLEARLY VISIBLE BRANDS** (owner, identification and foaling season year brands), **OR** microchipped with a **READABLE MICROCHIP**. If brands are not clearly visible, horse must be microchipped. It is important that the identity of the horse presented for inspection is verified against the Application for Registration sex, colour, brands (if any, providing the owner has indicated the horse is microchipped), markings, permanent scars, hair whorls and the like. Any discrepancies must be marked on the Application for Registration.
- Once inspection is finalised, the completed Application for Registration and Proof of Service must be returned to the Society with payment of registration fees. First Cross (mares and geldings), Stud Book Thoroughbred (mares and stallions) and Base Registry (mares, geldings and stallions) are eligible for inspection <u>at any age</u> after <u>branding and/or microchipping</u>.
- Members should be advised that an inspection pass does not constitute acceptance by the Society of any such application. The application will be considered by the Society in accordance with the Regulations when submitted to the Society. It is Society policy for horses not to be ridden during the inspection process, unless the owner feels it is in their best interest.
- When carrying out inspections on behalf of the Society, you are required to be a Financial Member and the Nominee of an Honorary, Life, Diamond, Platinum, Gold, Full, Participant or Subscriber Membership.
- Whilst volunteering to inspect horses, the Society's Volunteer Insurance is available in the event of an incident whilst inspecting a horse. Being a volunteer, you may charge the Member a per kilometre travelling expense the Society recommends 85 cents per kilometre travelled. If you charge a flat rate per horse, you are a contractor and no longer considered a volunteer for insurance purposes and would either need to have your own insurance or attend at your own risk. It is the Society's Policy that the Inspector discuss travel expenses with the owner prior to the inspection. These fees must be paid directly to the Inspector when the horse is inspected.
- A Society Inspector is NOT able to participate in the inspection of any horse as indicated below:
  - The Inspector has a conflict of interest any situation whereby the Inspector's decision may be influenced.
  - The Inspector has a pecuniary interest expectation of financial gain or loss.
  - The Inspector's immediate family, including partner, owns the horse.
  - The Inspector is a business partner, employer or employee of the member.
  - A horse currently owned or previously owned (less than one year) by the Inspector.
  - The horse was sired by a stallion currently owned or owned within a twelve month period of inspection date by the Inspector.
- CONFLICT OF INTEREST is defined as a situation in which a Society Official (Director, Inspector, Judge and the like) has a duty to make decisions on behalf of the Society and has an interest in the subject sufficient to appear to influence the decision to pass judgement (accept, reject, score, place and the like). A PECUNIARY INTEREST is defined as an interest that a Society Official (Director, Inspector, Judge and the like) may have in relation to a person or horse because of a reasonable likelihood or expectation of appreciable financial gain or loss to the person.
- Having a CONFLICT OF INTEREST or PECUNIARY INTEREST is not evidence of wrongdoing, but it may appear to compromise a decision. When
  making a choice to act as a Society Official, the person must consider the responsibilities of acting in the capacity of the position. The Society
  expects any person accepting a role as a Society Official to make decisions that are objective and independent from such interests that can
  result in impartial decisions.
- When a situation is recognised that could be considered a CONFLICT OF INTEREST or PECUNIARY INTEREST, the response is straightforward: make the interest known and decline the duty. An interest may be that of the person; the person's spouse or de facto partner, a business partner, employer or employee and the like.
- A Society Official does not have a CONFLICT OF INTEREST if the concern is so insignificant or a PECUNIARY INTEREST if the expectation of gain
